Divine Garden Botanical Blend

FAQs

Why use Divine?

Divine Garden Botanical Blend is all natural, it provides the specific nutrients your body uses to repair and rebuild damaged cells, and it has been proven to be highly absorbable -- meaning your body can actually use it. If you've purchased vitamins and they haven't worked for you, it's either because they had the wrong nutrients you needed or your body couldn't absorb them. We think that will be the difference you find with Divine Garden Botanical Blend.

What are the benefits of Divine Garden Botanical Blend?

- It boosts our immune system, aiding in the support to dispose many parasites which enter our bodies in spite of our best efforts to avoid this by other means.
- It provides many valuable vitamins and minerals essential for the growth of healthy cells as the old ones die and new ones are produced. Healthy individual cells provide a healthy total body.
- It provides powerful antioxidant effects, which can cancel out free radicals produced in our bodies by toxins, excessive stress and excessive exercise. No free radicals could mean little oxidative stress and little likelihood of chronic degenerative disease.

Can Children Take Divine?

Although the Divine ingredients are natural and healthy, we currently do not recommend herbal supplements at this time for children without further case studies.

Will Divine Garden Botanical Blend interfere with any medications?

Divine Garden Botanical Blend is primarily food and is not known to interfere with any other medications.

Is Divine Garden Botanical Blend approved by the FDA?

Divine Garden Botanical Blend is not a drug, it is an all natural food supplement. Since the FDA only approves drugs and not food supplements, Divine Garden Botanical Blend is not required to get FDA approval. However, Divine Garden Botanical Blend does meet and conform to the FDA's requirement for nutraceutical products.

How quickly can I expect Divine Garden Botanical Blend to work?

Many people feel results within 10 days, but others may take up to 4 weeks depending on their age and the severity of your ailments. Typically, a general rule of thumb is you should feel results within the first several weeks if you are younger than mid-60s and if you are older than mid-60s it might take a couple of weeks longer. The important thing to realize is for most of us, age related ailments happened over time, and it will take a little time to help our body reverse the problem.

Do I need to take Divine Garden Botanical Blend with food?

No. Most people take it at breakfast, but you can take it at any time with or without food.
